

Closing thought

By the Reverend Robert Beard

Lovely snow...

Soft and floaty, white and fluffy,
Tiny diamond star-crystals,
Making streets and fields so dazzling
We make squinty eyes to see them!

Funny snow...

Hiding holes for us to fall in,
Making folk with carrot noses,
Snowballs flying through the air,
Exploding on our hats and hoods!

Scary snow...

Trapping poorly people indoors,
Making driving safely tricky,
Crashing down from mountain tops,
And smashing houses, roads and bridges.

Lovely, funny, scary snow,

When we're outdoors having fun,
Let our words and actions show
We remember everyone!
